

40 Book Challenge

Dear 3rd Grader,

Your challenge this year is to read 40 good-fit books from various genres! 36 weeks of school + 4 weeks of break = 40 books. The rules are simple. For each book you complete at home, log the title, author, and date you completed the book. If your book is over 150 pages, it counts as 2 books! **Be sure to keep your log in your reading envelope to use each day.**

Some tips to help you be successful with this challenge:

- Set a routine to read 20 minutes a night.
- Go to the library to check out new books.
- Talk to your friends and about the books they're reading. Do they have any good recommendations?
- Take a look at books that your teacher recommends.
- What did your parents read when they were your age? See if they have any recommendations.
- Try books from different genres: fantasy, historical fiction, science fiction, fairy tales, non-fiction, poetry, and more!
- Read with your parents.
- Celebrate every book you add to your log! The closer you get to 40 books, the more books you have read. The more books you read, the better you will get at reading.
